

The Leigh Academy Behaviour for Learning

Reports and Targets

Reports should be viewed as a positive intervention to support students to address and amend their Attitudes to Learning. Key to the reporting process is the relationship, which is developed between the student and the member of staff they are on report to.

Reports should only be used for short periods of time and should relate to specific areas of concern e.g. Home Learning, concentration, Attitudes to Learning, application etc.

A wide range of reports are utilised by The Leigh Academy as we recognise students as individual and we consistently review and develop variations of our existing reports to personalise our interventions. The current reports used across The Leigh Academy include the following – Tutor report, SSM report, AHoC/HoC report amongst others.

Report Targets

Smart, meaningful and achievable targets should be set and agreed, these could either be areas identified through academic review, as a result of analysis of ePortal behaviour reports or PSP targets. Student ownership of the report is essential and it is more likely to succeed if students are involved in the writing and setting of targets.

Suggested targets are included in the table below:

Target	Success Criteria
Improve punctuality to the Academy	<ul style="list-style-type: none"> ● Only 1 late per week ● No lates ● No College C4 detention

If the report is to be successful then the member of staff the student is on report to should check it daily, if the member of staff is not available it should be clear as to who the student is to present their report to.

Careful consideration should be given as to the time of day when the student is required to present their report for signing as at the end of the day is not always the most effective time, whereas first thing in the morning enables a discussion to reflect on the previous day, enable a fresh start and begin the day in a positive manner. Students being monitored by their College leadership team should ensure they have their report checked at Break and/or Lunch Time.

Parents/carers must always be informed that a student is on report. Parents are required to sign the report daily and must be contacted at the beginning and end of the report process to discuss progress made and the need for any further action. At the end of the reporting period the report card must be passed on to the College Admin and placed on the student file as a record of the intervention, which has taken place.

Details of the report should be entered on ePortal and the report tracker, which is held in each College to enable data to be analysed and the effectiveness of the intervention to be reviewed.
