

At Leigh Academy we want to provide students with state-of-the-art IT equipment that works seamlessly with your own systems

Having access to the latest technology when and where they need it gives students the very best chance of success in and beyond the classroom. But, for parents, making that investment can often be a struggle and the equipment they choose may not always be in line with the schools existing systems and infrastructure.

THE EQUIPMENT ON OFFER

The Programme is geared towards Apple tablets due to the utilisation in the school and the enhanced learning both at School and at home that they provide.

All devices come with protective cases, warranties in case of any possible technical problems, as well as insurance for accidental damage and theft.

HOW TECHNOLOGY SUPPORT STUDENTS' LEARNING

Independent academic research undertaken in Scotland during 2013 by the University of Hull found that:-

- The ownership of a personal mobile device facilitates many of the pedagogical aspirations set out in Scotland's Curriculum for Excellence framework.
- The adoption of mobile technologies on a personal basis significantly increases access to technology for students, with many attendant benefits for learning which include greater motivation, engagement, parental involvement, and understanding of complex ideas.
- Personal 'ownership' is seen as the single most important factor for successful use of this technology
- Parents also appear to become more engaged with the school and their child's learning when the device travels home with the student.

HOW THE DEVICE IS FUNDED

Parents enter into fixed monthly payments based on the term and type of device that want with the added benefits –

- No personal credit check
- Saving up to 26% vs the high street
- All devices come with full warranty & ADT insurance
- All devices come with a military grade protective case
- The device becomes the yours at the end with no extra cost
- Saving up to 26% vs the high street

FAQs

How long can I spread the payments over?

12, 24 or 36 months depending on how long your child has left at the school, there is also a payment up front option

What happens at the end of the agreement?

On your final payment the device becomes yours

Will there be any credit checks

No everyone is approved and there aren't any credit checks

Do I have to install the apps?

No the school will provide the apps that are required

What is the excess on the insurance policy?

There is no excess on the either the insurance or warranty and you will receive the hotline numbers with your device which is all supported by BT

Can they use the device at home?

Yes the student can use the device to further enhance their learning and we recommend that you set you security setting on your Wi-Fi accordingly
