

## Tech4Learners Student Device Provision Programme

At The Leigh Academy we want to provide students with state-of-the-art IT equipment that works seamlessly with our own systems to enhance learning outcomes. Working with Freedom Tech we are able to offer you a Lenovo 100e and Lenovo 300e Chromebook, fully insured and warrantied at high street busting prices. How to order and key dates below.

### Key dates

Ordering window opens **12th September 2018**

Ordering window closes **11th October 2018**

Having access to the latest technology when and where they need it gives students the very best chance of success in and beyond the classroom. But, for parents, making that investment can be a struggle and the equipment they choose may not always be in line with the schools existing systems and infrastructure.

### The Equipment On Offer

The Programme is geared towards Google Chromebook Devices because Google Apps for Education are free and Google can be used on any type of device.

Our preferred devices are the Lenovo 100e and Lenovo 300e Chromebooks, which both come with a ruggedized body, a warranty in case of any technical problems, as well as insurance for accidental damage and theft.

### How Technology Supports Students' Learning

Independent academic research undertaken in Scotland during 2013 by the University of Hull found that:

- The ownership of a personal mobile device facilitates many of the teaching aspirations set out in Scotland's Curriculum for Excellence framework.
- The adoption of personal mobile technologies significantly increases access to technology for students, with brings many benefits for learning which include greater motivation, engagement, parental involvement, and understanding of complex ideas.

### How The Device Is Funded

Parents/carers enter into fixed monthly payments based on the term they choose to pay over, with the following added benefits:

- Spread payment with no personal credit check
- Saving up to 26% versus the high street
- Fully warrantied for internal failure
- Fully insured for accidental damage and theft (ADT)
- The device becomes yours at the end of the payments at no extra cost

## FAQs

### How long can I spread the payments over?

You are able to pay all upfront, or over 12, 24 or 36 months depending on how long your child has left at the school.

### What happens at the end of the agreement?

On your final payment the device becomes yours.

### Will there be any credit checks?

No, everyone is approved and there are no credit checks.

### What is the excess on the insurance policy?

There is no excess on either the insurance or warranty and you will receive the policy details with your device.

### How do I make an insurance or warranty claim?

You will be provided with a policy and claims document detailing how to make a warranty or insurance claim.

### Can they use the device at home?

Yes the student can use the device to further enhance their learning and we recommend that you set you security setting on your Wi-Fi accordingly.

### How many devices can I order?

One per student at the school.

### When will I receive the device?

The ordering window will open on the 12th September 2018 and orders need to be placed by 11th October 2018. Your first direct debit will be collected on 25th October 2018. Devices will be delivered to the school and will be handed out early November.

### What happens if I miss a payment or can no longer afford the device?

You will have to return the device; you will not own the device until the final payment is made.

### What happens if I cannot afford to join the scheme?

The Academy will have a number of devices that can be borrowed to use in lesson time, these devices will be kept in the Academy and given out when the learning requires. Students will not be able to take these devices home.

### Can I bring my own device that I have already purchased?

Yes, but you do so at your own risk.

### What if I my child leaves the school?

You must return the device to the school or alternatively pay the outstanding payments to take ownership of the device.
